BAJA OCEAN SAFARI

A unique Eco-tourism experience aimed at changing perspectives and enjoying the ocean.

Redefining Ocean Adventure

Our Baja Ocean Safari is an expedition geared towards exploration and sharing all the incredible ocean wildlife Cabo San Lucas has to offer. Our surrounding waters are full of pelagic (open ocean) life that most visitors to Cabo never have the opportunity to observe. On your safari you will learn about, search for and have the opportunity to encounter some of the ocean wilderness that makes Baja so beautiful.

CABO SAN LUCAS IS UNIQUELY LOCATED AT THE JUNCTION OF WHERE THE PACIFIC OCEAN MEETS THE SEA OF CORTEZ. THIS CREATES A HIGHLY PRODUCTIVE AND BIOLOGICALLY DIVERSE AREA. THESE WATERS ARE SEASONALLY HOME TO SHARKS SUCH AS SILKIES, MAKOS, BLUES, AND SMOOTH HAMMERHEADS. AS THE OCEAN TEMPERATURE CHANGES THROUGH THE YEAR, THE SPECIES OF SHARKS WE ENCOUNTER ALSO CHANGE. USE THE CALENDAR TO FIND OUT WHEN IS THE BEST TIME TO ENCOUNTER YOUR FAVORITE MARINE LIFE.

Providing the Best Ocean Wildlife Encounters Baja has to offer!

Cabo San Lucas is situated in the unique location at the junction of the Pacific Ocean and the Sea of Cortez. This mixing of ocean currents combined with the surrounding deep and nutrient-rich water creates a haven for migratory marine life. In fact, more than 33% of the world's marine mammal species can be found in our waters. Join us to witness sea turtles, dolphins, sea lions, mobula rays, whales or even orcas.

Our passionate and knowledgeable guides will take you out into the open ocean and search for the best ocean marine life we can find. Along the way we will discuss topics about local oceanography, marine biology, and local conservation issues. All of this while we enjoy the ocean. Every trip is unique and we strive to find the best ocean encounters. There's one thing you can always expect: the unexpected!
